

MODULE FITNESS CLASSIC

X6, X8 and X10mm

FITNESS OR CARDIO AREAS

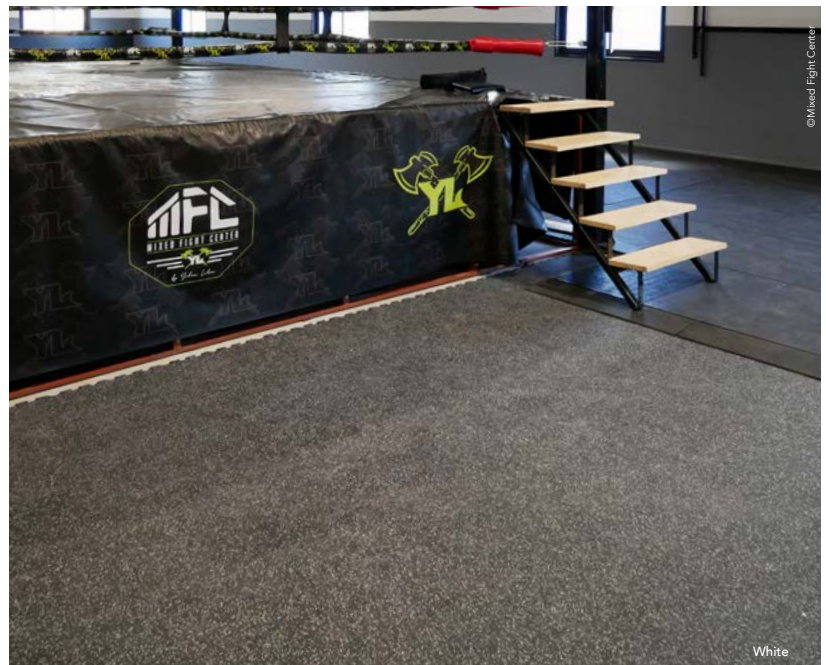

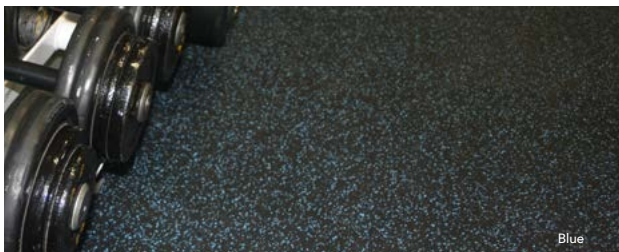

Excellent sound absorption

Reduction of 17 dB of ambient noise for 8m tiles.

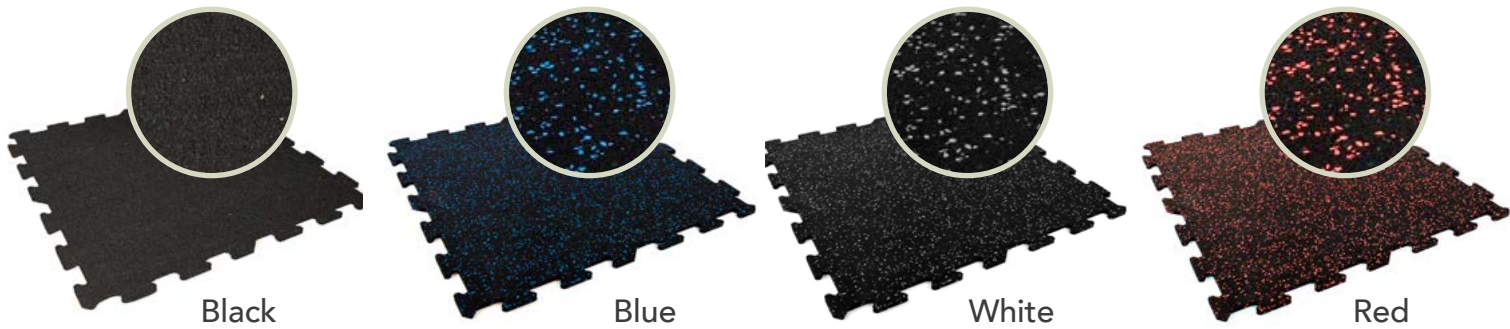

HIGH PERCENTAGE OF RECYCLED MATERIALS IN THEIR MANUFACTURE (> 80%).

High wear and shock resistance

Little maintenance required : A powerful vacuum cleaner and a wet microfiber broom are enough!

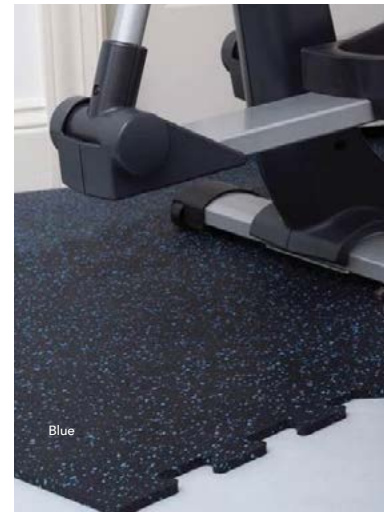

Available in tile format 50x50cm and 100x100cm for special demands. Larger format is recommended for fitness and dance rooms or any area that withstands repeated running and stopping. It may be required to apply a two-component PU glue.

Other flakes' colours available on request: Grey RAL 7037, Yellow RAL 1012, Green RAL 6017 and more.
