

MODULE KIDZ AQUA X50mm

WET AREAS, WATER THEME PARKS

Is a shock absorbing floor covering: in accordance with DIN EN 1177, which prescribes a certified fall height of 0.9m.

Extremely non-slip due to its granular surface.

High resistance to abrasion, UV, chlorine and salt water.

Dries quickly

Technical datasheet	Norms	Module Kidz Aqua X50
Thickness	EN 4282	50mm
Dimensions (mm)	EN 426	500 x 500
Thickness		MKID30AQ
Weight / tile	EN 430	22,4 kg /m ² (5,6kg /tile)
Composition		EPDM Rubber
Slip Resistance	DIN 51097:1992-11	Group C: strong grip
Chemical resistance	DIN EN ISO 175 et 3386-2	Resistant to chlorine and salt water
UV light resistance	EN ISO 1297 and DIN EN ISO 3386-2	High UV resistance
Fall height	DIN EN 1177:2018	Certified fall height of 0.9m
